RE: Rouzer Group - New Tool Account Manager

We are very happy to announce the addition of a new Account Manager with our Tool Division in North Dakota, Adam Lester! Over the next several weeks, Adam will be working closely with me to learn about our manufacturers and getting into the field to meet our customers.

Native to the Dakotas, Adam mainly grew up in Fargo, ND and went south to attend Arizona State University majoring in Engineering. He put his talents to good use as a Mechanical Engineer at PXG (Parsons Xtreme Golf). Wanting to be closer to his family as he settles down (*getting married in June!!*), he decided to migrate back to Fargo with his fiancé. He has a passion for playing hockey, golfing, skiing, and hunting with his two dogs.

Please join us in welcoming Adam to the team!

Adam Lester

Tool Account Manager
