RE: Rouzer Hires New Lighting & Controls - Inside Sales

Hello Business Partners,

Rouzer Group is proud to announce that Bailey Ganske has joined our inside sales team as of July 27th, 2020. Bailey was a teacher for many years and has her master's in educational technology from Concordia St. Paul. This education and experience enables her to embrace and easily adapt to new technology. She decided to pivot from teaching in search of a new challenge. Having been married to a Rouzer vet, Bailey has been looking up at lighting for many years!

Bailey will be working closely with our lighting team over the next few months to become an expert on RAB, Diode, Intermatic, Wave Lighting and C&M.

Personally, Bailey enjoys spending time with her children and family, and visiting their cabin in Wisconsin as often as possible. She is an avid Vikings fanatic, and is excited to visit some of her favorite breweries as they start to reopen!

Please join us in congratulating Bailey!
